

Village of Los Lunas Fiscal Year 2002-2003

FINAL BUDGET WEB Copy

(Signed copy of letter kept on file in Administration Building)

July 25, 2002

The Honorable Mayor, Council and Citizens
Village of Los Lunas
PO Box 1209
Los Lunas, New Mexico 87031

Gentlemen/Ladies:

Submitted herewith is the Fiscal Year 2002-2003 Budget for the Village of Los Lunas. This document culminates a six (6) month long process representing the staff's efforts to not only prepare a comprehensive budget document for the upcoming year, but, to continue with the development of a long term focus to prepare the Village fiscally for the next decade. This budget was developed with major emphasis on the Village's five (5) year capital improvement plan, along with twenty (20) year revenue and operating expenditure projections. These efforts are in keeping with the staff's commitment to an on-going, long-range planning process in all Village affairs.

The continued preparation of a high-quality budget is a top priority of Village staff. In fact, the Village of Los Lunas has received the Local Government Division of the Department of Finance and Administration annual budget award for six consecutive years. The certificate of achievement has been for "Outstanding Development and Preparation of the Governmental Operating Budget." In addition to striving for high quality, significant efforts are continuously made to make the budget document more "user friendly" for the elected officials, staff, and citizens of Los Lunas. Moreover, in keeping with the Village's fiduciary responsibilities, and in order to facilitate the effective management of the Village's financial resources, this budget incorporates its statement of fiscal policy. The fiscal policy includes specific criteria regarding budgeting, reserves, investments, and procurement.

Every entity has some method (formal or informal) to prioritize needs, and thus, develop a budget for the organization. Management determined that formal statements of priorities for budgeting were necessary. Priorities were developed and utilized in preparation of this document. These priorities also take into account the impact of federal and state unfunded mandates that require local appropriations without outside revenue sources.

Additionally, departmental goals and objectives were used as the basis for the respective department directors to formulate expenditure requests and operational plans. During this fiscal year, we will continue to make goals and objectives an integral part of our budget process as well as our daily operations.

Using the Village's 5 Year Infrastructure Capital Improvements Plan (ICIP), state funds and Village appropriations were leveraged to the greatest degree possible for these necessary capital expenses. In addition to three Capital Projects totaling nearly \$2.353 million, an additional \$6.6 million has been budgeted for capital purchases and capital projects. The Village continues to focus on repair and replacement of water/sewer lines, upgrading Village streets and developing park areas. Additionally, lease/purchase arrangements continue to be made for certain capital purchases with special or enterprise fund revenues.

Significant increases in community development related activities, including building permits, zoning cases, and code enforcement cases have been experienced in the past decade. One of the Villages' most significant economic development projects has been a Wal-Mart Distribution Center. Fiscal Year 2002-2003 Budget highlights includes expenditures in the following areas:

1. Focusing on economic development. The Village's priority is to continue efforts to attract new businesses to Los Lunas. The additions of new retail trades continue to provide significant new employment opportunities for citizens of Los Lunas. The most recent additions have included a Big 5 and Hastings store.
2. With the completion and adoption of the updated Comprehensive Master Plan for the Village, efforts are now focused on reviewing and updating various Village fees (e.g. impact and permit fees).
3. Continuing to work with an Economic Development Specialist to assist in attracting both industrial development and retail trade.

Since the Village of Los Lunas is a service-oriented organization, a significant portion of the budgeted expenditures is personnel services (i.e. payroll, health insurance, sick leave, retirement, etc.). Several other employee related

expenditures are treated as operating expenses, and therefore, not categorized as personnel services. In Fiscal Year 2002-2003, we will strive to provide for the following:

1. Emphasize employee training.
2. Improve on our Award winning Total Quality Management (TQM) system through Quality New Mexico.
3. Emphasize the Village Safety Program, which continually lowers the Village Workers compensation modifier.
4. Continue with the implementation of "Operational Goals and Objectives".

The primary industry in the Village of Los Lunas continues to be retail-trade. Gross receipt taxes have improved somewhat and economic indicators demonstrate that the local economy is healthy and thriving. For example, building permits have been issued for the construction of a Wal-Mart Supercenter and a Home Depot. In addition, although new single dwelling unit permits issued increased significantly over the previous year, they were still below the five-year average. Permits for commercial buildings have exceeded the five year average for three consecutive years.

The coming year will continue to present many challenges for the Village of Los Lunas. The passage of the additional 1/8 cent gross receipts tax will help ensure the fiscal stability of the Village of Los Lunas. This budget will accomplish the major priorities that the Village Council, staff and many citizens have identified. Sound fiscal and comprehensive planning will enable the Village to enter the next year in a strong fiscal position.

I would like to express my appreciation to all of the Department Heads and Supervisors of the Village for their efforts in the development of this document.

Sincerely

Phillip Jaramillo
Administrator

OVERVIEW AND DEBT SERVICE FUNDS

BUDGET OVERVIEW

The Fiscal Year (FY) 2002-2003 Budget includes seventeen (23) funds, which are separated into six (6) fund types. The Village operates on a cash basis and therefore the budget is presented on a cash basis. Total revenues for all funds combined are \$23,531,798. Total expenditures are \$25,178,257. The total estimated beginning cash balance is \$8,867,089 and the total ending cash balance on 6/30/2003 is projected to be \$7,220,630.

The principal operating fund of the Village is the General Fund. Revenues are derived primarily from gross receipts taxes, property tax, franchise tax, intergovernmental/grants, licenses and permits, sales and services and a variety of other sources.

Total revenues will increase by \$5,297,779 from FY 2001-2002, which represents a 29.05% increase. The largest increase in revenues is for the Trust and Agency funds (e.g. Housing Authority), approximately \$591,423. General fund revenues for the Village will increase by 14.28% (\$948,165), with the most significant decrease being in the *Grants* category (\$436,953).

1. Gross receipts tax including state shared (1.225%) and municipal gross receipts (1.00%) totaling \$4,040,953 represents 46.46% of total revenues in the general fund.
2. Property tax rates imposed by the Governing Body are at the maximum rate authorized, \$7.65 per \$1,000. Revenues from property taxes (including delinquencies) will total \$819,411 and represent 10.86% of total revenues in the fund.
3. State shared taxes include the cigarette tax, auto license distribution, and gross receipts tax. State shared tax revenues totals \$2,353,700 and comprises 31% of the revenues in the general fund. Although the 1.225% state shared gross receipts tax is actually a shared tax, it is categorized as a gross receipts tax in order to reflect a true picture of the impact of gross receipts. In addition, the Village is required to report the gasoline tax, formerly categorized as a general fund revenue, as a "Special Revenue Fund".

4. Franchise taxes from the utility and cable companies total \$222,264 which represents 3.02% of the total revenues in the general fund.
5. License and permit revenue totals \$94,298 and represents 1.28% of the total revenue in the general fund.
6. Intergovernmental/grants revenues total \$1,036,333 or 14.06% of the total revenues in the general fund.
7. Sales and service totals \$1,006,346 and comprises 13.65% of the total revenues in the general fund.

Total expenditures are projected to be \$25,178,257 an increase of 23.50%. However, General Fund expenditures are projected to increase 13.60%.

The Utility Fund is an enterprise fund that accounts for all water and sewer operations. Total revenues in the fund are projected to be \$7,710,255, which is an increase of 62% from fiscal year 2002-2003.

The Village has completed five of seven phases defined by the Village's water master plan. The seven phases are as follows; Phase I – Tank and Transmission Line; Phase II – Transmission Line; Phase III - Water Well; Phase IV – Reconstruct Pump Station; Phase V – South Water Loop Installation; Phase VI – South Water Loop Extension; and Phase VII – North Water Loop Installation.

Expenditures are projected to total \$8,598,143, which is 41% increase from fiscal year 2001-2002. As discussed above, this expenditure reflects a continuance of the projects that began in previous years.

The Solid Waste Department continues with its operations improvements programs which were prompted by the State mandated closure of the Village landfill. Improved Operations now includes a materials recovery and transfer facility. In addition, the department has continued with its automation of the solid waste collection system. Solid waste rates were only increased by 1.6% that represents a cost of living increase.

The special Revenue funds of the Village are as follows:

1. Recreation Fund
2. State Fire
3. Emergency Medical Services
4. Law Enforcement Protection
5. Corrections Fees
6. Infrastructure Fund
7. 95 Bond Fund
8. Lodgers Tax
9. Gasoline Tax
10. Transportation Section 5311 and 3037

The total combined revenues of the Special Revenue Funds is projected at \$2,653,434 with budgeted expenditures of \$3,037,509. These funds were set up as a result of New Mexico State Law and are needed to track funding sources. Information for the three major Special Revenue Funds are discussed below:

- **Transportation Funds.** This fund was developed to ensure proper accounting for the County wide transportation program which the Village of Los Lunas manages. The major revenues are Section 5311 and 3037 funds however, the Village's local match for this fiscal year is projected to be \$84,458.
- **Infrastructure Fund.** The major revenue source in this fund is the Municipal Infrastructure Gross Receipts Tax. This fund is used to finance various street projects and utility projects as authorized in the New Mexico Statutes.
- **Municipal Street Fund.** This fund consists of revenues derived from gasoline taxes and is used to finance equipment, highway right-of-ways, and utilities for the street department.

DEBT SERVICE FUNDS

The Village of Los Lunas currently has two service bonds which are described below.

Sales Tax Revenue Bonds

1. Sales Tax Revenue Bond, Series July, 1993 \$6,285,000. The purpose of this issue was to refund the 1987 and the 1990 issues which were issued to repair and replace streets, water and sewer utility lines and build a new Village Administration building. The refunding amount was \$6,285,000, issued in 1993 and will be retired on 7/1/2012.

2. Sales Tax Revenue Bond, Series December, 1995
\$1,200,000. The purpose of this issue was to acquire funding for property acquisition. This bond issue will be paid for primarily from the municipal infrastructure gross receipts tax. The bond amount is for \$1,200,000, issued in 1995 and will be retired as of 12/01/2012.

GUIDE FOR THE USE OF BUDGET DOCUMENT

Summary

This document is the annual budget of the Village of Los Lunas, New Mexico for the budget year beginning July 1, 2002 and ending June 30, 2003. The primary purpose of this document is to plan the receipts and expenditures of all Village moneys in accordance with the policies of the State of New Mexico Statutes, as required by the State Department and Administration, Local Government Division. By adoption of this budget, the Village Governing Body establishes the level of services to be provided, the amount of taxes and utility rates to be charged and the various programs to provide these services. The adoption of the budget is probably the most important decision made by the Village Council each year.

The Budget document begins with a budget message by the Village Administrator. The document is then divided into four (4) basic sections.

SECTION ONE

This section includes the introduction, adopting resolution, and the basic financial and budget policies of the Village. This section also lists the Governing Body, key officials, and chain of command.

SECTION TWO

Summaries, Statistics and Charts, are included in Section Two. This section also includes summaries of the Village's budgeted revenues, expenditures, and other sources by fund as well as graphic presentations of such financial information.

SECTION THREE

Section three contains the Operating Budget which represents the actual line item budget approved for the current year with comparison to the budget of the prior year. In addition, for comparison purposes, the actual figures are provided for the year proceeding the prior budget year. Budgets are presented for General Fund, Enterprise Funds, Special Revenue Funds, Trust and Agency Funds, and Capital Project Funds. The General Fund and Enterprise Funds are the two primary operating funds of the Village. Their moneys are not commingled and their operations are separate from one another. Each department within these funds is presented in the budget and includes a two-year comparison. Even though all departments are budgeted separately, certain departments assist in the services of other departments.

SECTION FOUR

Section four contains budget information relating to all Special Revenue funds, Enterprise funds, Debt Service funds, Trust & Agency funds and Capital Project funds.

SECTION FIVE

Debt Service schedules are provided in this Section to explain the payment of principal and interest on general long-term debt of the Village and the purpose of each bond issue. In addition, this Section contains a schedule of insurance's and a short Glossary. The Glossary is presented to facilitate the "User Friendliness" of the budget.

CONCLUDING STATEMENT

The revenue and expenditure estimates for current and prior budget years are based upon historic data and specific known variances within each division. Revenue projections are further determined by a review of current regional conditions such as interest rates, local development, and economic trends. These factors are admittedly subjective.

This budget has been compiled with the citizens of Los Lunas in mind to provide some measure of value in evaluating the historical and projected operations of the Village. The Village Council and Village staff sincerely hope that this budget will prove to be useful to all interested readers.

LLAGE POLICIES AND PROCEDURES

FISCAL POLICY

The overall goal of the Village's fiscal policy is to establish and maintain effective management of the Village's financial resources. Formal policy statements and major objectives provide the foundation for achieving this goal. Accordingly, this section outlines the policies used in guiding the preparation and management of the Village's overall budget and the major objectives to be accomplished.

BUDGETING

1. A comprehensive annual budget will be prepared for all funds expended by the Village.
2. The budget will be prepared in such a manner as to facilitate its understanding by citizens, elected officials, and employees.
3. In addition to the public hearings required by state statute prior to adoption of the budget, workshops will be held on the budget that will be open to the public.
4. Copies of the budget will be made available to elected officials, citizens and the media prior to the public hearings and workshops.
5. Budgetary emphasis will focus on providing those basic municipal services which provide the maximum level of services, to the most citizens, in the most cost effective manner, with due consideration being given to all costs - economic, fiscal, and social.
6. The budget process will begin each fiscal year with a list of priorities developed by both management and staff.
7. The budget will provide for adequate maintenance of capital, plant, and equipment and for their orderly replacement.
8. The Village will adopt and annually update an Infrastructure Capital Improvements Plan (ICIP) and strive to make budgetary decisions in accordance with this plan.
9. The Village will continue to develop operating budgets with a sharp focus on long-term solvency.
10. The Village will maintain a budgetary control system to help it adhere to the established budget.

11. The Village will exercise budgetary control through the governing body and Village Administrator in accordance with state statutes and Village regulations.
12. The Village will continue to prepare and update 20 year financial plans based on historical and current data which serves as an invaluable tool in assisting the Village Governing Body in making sound management decisions. These decisions not only impact the current year but will also impact the future of the Village.
13. The Village will amend the budget only in a manner consistent with State of New Mexico Department of Finance and Administration (DFA) regulations.
14. The Village will maintain a working capital reserve equal to 8.33% (1/12) of the total operating expenditures of the General Fund in accordance with DFA regulations.
15. The Village will create a designated reserve in the General Fund for the purpose of providing for emergency or unplanned expenditures and revenue shortfalls that may occur in a fiscal year. The established goal for this reserve is to maintain a minimum level equal to one month's operations.
16. The Village will charge the Utility Fund and the Section 8 Fund a pro-rated share of Finance and Administration expenses (identified as bookkeeping charges) to help defray the administration cost to the General fund.

INVESTMENTS

1. The Village will maintain an investment policy in accordance with state statutes and its own regulations.
2. The investment policy is designed to accomplish the following:
 - a. Maximize investment returns while minimizing risk.
 - b. Maintain a level of liquidity to ensure that unanticipated cash needs are met.
 - c. Allow for diversification of the Village's portfolio.
 - d. Recognize the impact of the Village's investment program on the local economy.

PURCHASING

1. The Village will maintain a purchasing policy featuring a centralized purchasing department in accordance with the State of New Mexico Procurement Code.
2. The Governing Body has adopted a Resolution enacting Village procurement regulations that provide for:
 - a. The control of expenditures within appropriations of the adopted budget.
 - b. All purchases being made at the most effective and economic prices possible.

BUDGET PRIORITIES

1. Expenditures designed to promote, enhance, or ensure public health, safety and welfare.
2. Expenditures necessary to comply with state and federal laws or regulations.
3. Expenditures necessary to deliver the "basic services" to the residents and businesses of the Village.
4. Expenditures when it is verifiable that after being made will reduce ongoing maintenance and operating expenditures by either reducing overall costs or avoiding anticipated costs.
5. Expenditures that will verifiably enhance economic development.
6. Expenditures designed to provide for greater internal controls and, therefore, enhance financial accountability.

7. Expenditures for employee training and deduction aimed at making Village personnel more proficient and productive in performing their duties.
8. Expenditures designed to provide for improved information management in order to provide for enhanced decision making.
9. Expenditures designed to enhance future planning of community's needs.

BUDGET PROCEDURES

The budget process begins with the distribution of Budget Preparation Packages to the department heads. Each Department Head meets with his/her employees to review the worksheets for the operations of the department, personnel requirements and capital outlay. Every employee in the Village is encouraged to make suggestions and/or recommendations during the budget process. The budget worksheets for the operations of the departments contain four columns (1) prior year actual, (2) current year budget, (3) proposed budget, and (4) percent change. Columns 1, 2, and 3 contain the financial information to be used by the department head as a guide to complete the proposed budget. It is assumed that the past financial needs are a good indication as to the future financial needs and the budget is projected on this basis. The worksheets for personnel requirements and capital outlay do not contain prior year actual or current year estimated, due to the fact that this information is available in each department and the projection of these categories do not require comparative data.

The Village Administrator and Financial Planner prepare the revenue budget. All revenues are budgeted with the use of comparative financial information provided by prior year actual revenues and current year estimated revenue.

When the departments have completed their budget preparation packages each Department Head then meets with the Village Administrator to review their budget. During this meeting the budget is refined and prioritized.

After the Village Administrator reviews the expenditures and revenues, a budget retreat is scheduled for the Village Mayor and Council for review. The Village Governing Body reviews the budget at the retreat, where the budget is again refined and prioritized.

When the budget has been finalized by the Village Governing Body, it is compiled by the Finance Department and the following procedures are followed for formal adoption of the budget:

1. The Village Administrator submits to the Governing Body the operating budget for the fiscal year commencing the following July 1st, which must be approved before the proceeding June 1st. The operating budget includes proposed expenditures and the means of financing them.
2. The operating budget is then submitted to the State of New Mexico, Local Government, Department of Finance and Administration (DFA), for preliminary approval. Section 6-

6-2, NMSA, 1978 Compilation requires that the Local Government Division review and approve final budgets prior to the first Monday in September.

11. Upon completion of the closing of the previous fiscal year, the Finance Department reconciles cash balances forward, and budget to actual conditions. A finalized budget is compiled with all changes effected by the previous year-end closing and any adjustments made by DFA. This is then submitted to the Village Administrator for review.

AMENDMENTS TO FISCAL YEAR BUDGET

During the fiscal year, the Village Administrator has the authority, by Council to transfer budgeted amounts within the operational expense budget of a department (i.e. from one line item in operations to another in operations). However, the Council must approve all other budget transfers from one budget category to another (e.g. from Capital Outlay to Operating). All other revisions in regards to changing the overall budget require a resolution by the Village Governing Body and DFA approval.

The Governing Body holds budget reviews monthly, and at this time a resolution is prepared for any additions, and/or amendment to the budget.

The Village maintains control of the budget through the Department Heads and the Purchasing Program. The Department Heads are responsible in keeping within the budget and they maintain control by careful planning, monitoring their monthly financial reports and daily activities. The purchasing Program was implemented in July 1992, and is used to monitor line item expenditures at the time any purchases are made. The program allows the Purchasing Agent to dishonor a Purchase Order for any line item shown over budget. Since a Purchase Order is required for all purchases, this program assists the department heads as well as management in controlling the fiscal year budget.

Total Operating Budget Summary

Summary

The following schedules and pie charts best illustrate the Village's resources and the application of those resources.

The Budget Recap schedule (Table 1) is the FY 2002-2003 budget summary of all fund types combined. The total estimated revenues are \$23,531,798, which is a 29.05% increase from last year. Chart 1 presents a summary of revenues by fund type including transfers in.

The total combined expenditure budget is \$25,178,257 which represents a 23.50% increase from the prior year. Chart 2 presents a summary of expenditures by fund type including transfers out. The Village is anticipating a slight increase in its cash balance reserves. The budget recap schedule also shows, by category, the Village's total appropriated budget (excluding intergovernmental transfers) and where the money is spent.

Municipal Gross Receipts Tax

Tax authorized pursuant to New Mexico State Statutes and implemented by local governments with tax collected from retailers on goods and services sold. The State of New Mexico gives local governments authority to enact a gross receipts tax up to one-and-a-quarter percent. The Village of Los Lunas imposes the maximum tax rate authorized which is 1.3125%

The Village's largest revenue source is highly responsive to changes in economic activity. Because the Village is experiencing growth at a rate of approximately 7% to 10% annually, the economic fluctuation may effect the collections from year to year depending on the current growth rate for that year.

For every \$1 in Sales, 6.625% is collected in Gross Receipts Tax (GRT). This is broken down as illustrated in Table 3. Graph 1 shows the past eight years of GRT collections, while Table 4 present's eight years of GRT collections with the percentage growth for each year. The citizens' of Los Lunas approved the passage of an 1/8 cent gross receipts tax to be dedicated to infrastructure projects. The tax became effective 1/1/2002.

Property Tax

The Village imposed \$7.65 per \$1,000 property tax rate for FY 2000/2001. This represents the maximum rate a municipality may impose and will generate approximately \$819,411 for the fiscal year. Table 3 illustrates the property tax rate and valuation broken down between residential and nonresidential. Graph 2 presents dwelling unit information for the past ten years.

The Village currently does not have any general obligation bonds in place.

Personnel Services

Summary of Personnel Services

The following table and charts present the Village of Los Lunas Personnel Schedule for Fiscal Year 2002-2003.

Table 5 is a summary of personnel services. Total wages and each benefit category is presented for each department and summarized between the General Fund, Enterprise Fund and Trust and Agency Fund.

The pie charts illustrate the appropriations of personnel services by Fund Type as well as Wage and Benefits. Chart 3 shows that General Fund accounts for 79.74% of Village employees. Village services such as Streets, Police, Fire and Administrative services are accounted for in the General Fund. The next largest is the Utility Fund (Enterprise) with 18.44% of Village employees.

Chart 4 illustrates the amount of salaries and benefits provided to all Village employees.

EXECUTIVE/ADMINISTRATION

DEPARTMENT: 11-401/General Fund

MISSION

To enact ordinances, regulations, and policies consistent with the Laws and Statutes of the State of New Mexico aimed at the betterment of the community; to provide professional management leadership to both the Village Council and staff aimed at delivering services to the citizens and customers of the Village in the most economical and efficient manner possible.

DESCRIPTION

The Executive portion consists of the elected members of the Governing Body of the Village of Los Lunas, which are the Mayor and four (4) Councilors, known as the Village Council. Terms of office are four (4) years. The Mayor appoints, with confirmation of the Council, a Clerk-Treasurer. The powers and duties of the Mayor and Council are in accordance with the Laws and Statutes of the State of New Mexico including the power to declare emergencies. The Administration area works closely with the Mayor and Council to formulate policy and set goals for each department. This Department is primarily responsible for managing the administrative affairs of the Village as well as advising the Mayor and Village Council on critical issues and matters facing the Village and executing policies adopted by the Village Council.

GOAL AND OBJECTIVES

- To continually update the needs of Village operations and capital improvements through the Infrastructure Capital Improvements Program (ICIP).
- To ensure that the Village financial affairs are in sound order.
- To ensure that the Villages automated financial system is technologically current to increase cost effectiveness and efficiency when assisting Department Heads and Supervisors in monitoring Village and department operations.
- To continue the Village continuing education program to insure that employees are properly trained to perform their designated functions.
- To always seek improvement on the Village's award winning Total Quality Management System.
- To maintain a drug free workplace.

PUBLIC SAFETY – POLICE

Department: 404 / General Fund

MISSION

The mission of the Village of Los Lunas Police Department is to enhance the quality of life in the community by working cooperatively with the Village administration, elected officials, the general public and the community's institutions within the framework of the United States and New Mexico Constitutions. To create a friendly relationship with the business citizens and private community.

DESCRIPTION

The Los Lunas Police Department is a progressive, full service police-public safety organization providing 24 hour, 365-day police services, radio telecommunications support for local, county, and state policies, fire and emergency medical services.

GOALS AND OBJECTIVES

- **COMMUNITY POLICING CONCEPT** - to further the community Policing Philosophy throughout the Village in an effort to become involved with the citizens and business community so that we can respond to the needs of the community in a pro-active and more effective manner.
- **GANG INTERVENTION** - It remains the goal of the Police Department to deter and prevent gang activities within the Village and to educate the public in this area.

LONG RANGE GOAL

- To accomplish a workable Community Policing concept within the Village with both officers and citizens, thus, in hopes eliminating the majority of criminal activity within our area.

Table 9 presents the fiscal year 2002-2003 operating budget for the Police Department.

LIBRARY

Department: 11 – 408 / General Fund

MISSION

The mission of the Los Lunas Community Library is to meet the progressing educational, cultural, and recreational needs of the public by providing modern library resources and services. The library recognizes an obligation to acquire, provide and extend services to the residents of the Village of Los Lunas and the surrounding communities who traditionally have not frequented the library. The library dedicates itself to supplying ready access to the world of ideas and knowledge by preparing for the informational needs of the community.

DESCRIPTION

The library strives to acquire materials to provide information, enlightenment, entertainment, education, development, appreciation, stimulation, and enrichment that reflect an understanding and consideration of the community served. Concern will be given for all ages, backgrounds, interests, abilities, and levels of education to the degree possible within budgetary constraints, and material availability.

GOALS AND OBJECTIVES

ADULT SERVICES

- To obtain selections not in the collection through Interlibrary Loan services.

YOUTH SERVICES

- To continue to provide a story hour program for pre-school children during the school year.
- To provide summer story hours and reading programs.

TECHNOLOGY SERVICES

- To ensure free public access to the Internet.
- To maintain access to our catalog via the Internet through *RALLY*, the *Rio Abajo Electronic Library* [<http://rally.library.net>].
- To continue providing access to computers for word-processing and publishing.

COLLECTION DEVELOPMENT

- To keep abreast of the latest technology and trends and to see that information is updated regularly.
- The Library will attempt to furnish materials needed to support the courses of study offered at elementary and secondary schools in the area.

STAFF

- To provide the public with a dedicated staff that exhibits a quality philosophy of service.
- To continually emphasize employee training.

Table 13 presents FY 2002-2003 operating budget for the Library.

VEHICLE MAINTENANCE

Department: 11 – 412 / General Fund

MISSION

To maintain the vehicles and equipment of all the departments.

DESCRIPTION

The vehicles are frequently serviced and kept safe and dependable for village employees. The police units need to be kept on the road, so they are serviced frequently and kept in good running order so that the Village can be served and protected better.

GOALS AND OBJECTIVES

To economically and efficiently maintain the equipment needed by all departments so that they have the tools necessary to perform their services.

Table 15 presents the fiscal year 2002-2003 operating budget for the Vehicle Maintenance Department.

COMMUNITY SERVICES

Department: 11 – 416 & 417 / General Fund

MISSION

To promote and implement programming in the Village of Los Lunas and Valencia County that will impact the needs of citizens in the realm of health and social issues.

DESCRIPTION

The Community Services Department administers both federal and State grants designed to meet the health and social needs of the citizens of the Village of Los Lunas.

- The DWI project is an ongoing program supported through distribution funding from Local Government Division. This program addresses the impact of DWI in Valencia County, in such a way as to decrease the high cost of death, injury and financial loss in our communities. Components include Coordination, Teen Court, Prevention, Screening and Assessment, and Treatment.
- Local Law Enforcement Block grants provide needed funds for capital outlay to Los Lunas Police Department.
- Community Oriented Policing Grants provide funds for officers, ongoing training and community based partnerships.
- Many grants are procured through this department on an as available and as needed basis. Issues of focus include, but are not limited to; drug and alcohol prevention and intervention efforts, public transportation, senior citizen programs, youth programs and historic preservation.

Five full time staff, and many local sub-contractors currently support the Community Services Department. Additional staff support a public transportation system within this department. However, these funds are budgeted separately.

GOALS AND OBJECTIVES

- Reduce the incidence of DWI in the Village and County by implementing programs that address the Drug and Alcohol issue.
- Create and maintain community involvement through advisory committees guiding grants administered by the Community Development Department.
- Modify existing programs to meet the needs of the citizens of the Village of Los Lunas through process and outcome evaluation.
- To provide resources and information to the Village of Los Lunas to ensure social issues effecting the Village can be dealt with quickly and efficiently.

LODGERS TAX FUND

Lodgers Tax Fund

MISSION

To utilize lodgers tax revenues collected from area lodging facilities for the purpose of advertising, publicizing and promoting tourist related attractions and events within the Village.

DESCRIPTION

The Village has created the Lodgers Tax Advisory Board to advise the governing body on ways to spend lodgers tax funds for advertising, publicizing and promoting tourist related attractions and events within the Village.

GOALS AND OBJECTIVES

- Bring in visitors to the Village of Los Lunas through advertising by updating our existing brochure.
- Expand the market in promoting the Village with limited funding by creating a pamphlet that can be widely distributed.
- Purchase advertising space utilizing billboards that will be strategically placed along Interstate 25 and Interstate 40.

INFRASTRUCTURE FUND

Infrastructure Fund

MISSION

To continue to upgrade services to our citizens by continually improving Village streets, utilities and property acquisition.

DESCRIPTION

The Infrastructure Fund is funded primarily from Village imposed gross receipts taxes. The Village has imposed a 1/4% Special Municipal Gross Receipts Tax and 1/4% Municipal Infrastructure Gross Receipts Tax and dedicated them to this fund. [Note: 1/8 was added by special election during fiscal year 2001. It will become effective on 1/1/2002.] The Village Council approved the change in the dedication of 1/16th of 1 percent to provide for property acquisition. State Highway Cooperative funding is also utilized in this fund.

GOALS AND OBJECTIVES

To continue to increase funding to repair and repave streets, repair and replace water and sewer lines, utility plant repair, acquisition of utility meters, and, property acquisition.

WASTE WATER TREATMENT PLANT

Department: 421 / Utility Fund

MISSION

The Wastewater Department of the Village of Los Lunas is here to provide excellence in quality and service to our customers at a minimal cost while protecting the environment and exceeding all quality standards.

DESCRIPTION

This department provides residential and commercial wastewater utilities to over 6,570 customers in various areas of the Village. Activities of this department include maintenance of the wastewater treatment facility, sludge handling facilities, laboratory analysis, fiscal reports and administration.

GOALS AND OBJECTIVES

- To provide all safety equipment and training to meet OSHA requirement for employees, to maintain an accident free workplace.
- To continue to meet all Environmental Protection Agency and State Environmental Department regulations with respect to plant operations.
- Assure the community that operators will be trained and certified to the highest level possible to enhance their ability to operate the system and improve the efficiency of operations.
- To achieve as many awards as possible for the Wastewater Facility and the Village of Los Lunas.
- Maintain the grease trap inspection program to reduce line maintenance problems and reduce grease problems at the wastewater facility thereby reducing the cost of treatment.

Table 30 presents the FY 2002-2003 operating budget for the Waste Water Treatment Plant.

WATER/SEWER

Department: 422 / Utility Fund

MISSION

The Water/Sewer Department of the Village of Los Lunas is here to provide excellence in quality and service to our customers at a minimal cost while protecting the environment and exceeding all quality standards.

DESCRIPTION

This department provides residential and commercial water utilities to over 7,098 customers. We operate and maintain a water system consisting of 3 pressure zones, 3 steel storage tanks, 3 wells, and 62 miles of water lines. The sewer system consists of 13 lift stations, 634 manholes, and approximately 50 miles of sewer mains. Activities include maintenance of water/sewer utility systems and treatment facilities, laboratory sampling, fiscal reports, video inspection of sewer mains, and administration.

GOALS AND OBJECTIVES

- To provide customers of the Village of Los Lunas with excellence in quality and service.
- To continue to improve and update the Village's distribution system, adding larger water mains and more fire protection.
- To continue to upgrade the collection system, by reducing infiltration, adding larger lines and new interceptors.
- To maintain and provide personnel with the proper training to ensure effective operations and staying in compliance with all ED and EPA regulations.
- To upgrade the reading and billing touch-read program to make it more efficient and more cost effective.
- To utilize the new camera inspection equipment to evaluate all of the older collection lines and prioritize line replacement.

SOLID WASTE DEPARTMENT

Solid Waste Fund

MISSION

To provide convenient and sanitary collection and disposal of trash for the residents of Los Lunas.

DESCRIPTION

The Solid Waste Department provides once a week curbside trash collection and disposal for the residents of Los Lunas and up to seven days-a-week commercial trash collections for businesses. All personnel of this department currently have commercial drivers licenses and are cross training on the operation of equipment and routes to maximize efficiency in the department. The Village currently transports its waste to a landfill west of Albuquerque. The Village remains a member of the Central Solid Waste Authority which consists of the municipalities in Valencia County and Socorro County and recognizes that a local landfill should be a high priority.

GOALS AND OBJECTIVES

- Comply with all Federal EPA regulations and State Environmental Department regulations.
- To construct a Materials Recovery and Transfer facility to provide state-of-the-art trash collection and disposal for Village residents to the Authority.
- To assist in the operation of the Drop-off Recycling Center to help accomplish the 25% reduction of trash going to the landfill.
- To continue to provide a quality trash collection and disposal service for the residents of Los Lunas by fully automating the department.

Table 32 presents the FY 2002-2003 operating budget for the Solid Waste Department.

COURT TRUST FUND

MISSION

To collect the DWI lab fees, DWI prevention fees and Court Automation fees in accordance with State Law.

DESCRIPTION

State law requires the municipal judge to impose the above mentioned fees in conjunction with a court fine on traffic tickets. These fees must then be remitted to the State Administrative Office of the Courts on a monthly basis.

CENTRAL SOLID WASTE AUTHORITY

MISSION

To administer the funds for the Central Solid Waste Authority (CSWA) in accordance with the Joint Powers Agreement signed by Authority members.

DESCRIPTION

The Central Solid Waste Authority consists of the Village of Los Lunas, City of Belen, Socorro County, City of Socorro and the Village of Magdalena. The CSWA has received both grant funding and loan funding to assist CSWA members with their individual solid waste operations. The Village of Los Lunas, through joint powers agreement, is the fiscal agent for the Authority. As fiscal agent, the Village is to insure that the available funds are spent according to state law and regulations. The Village is also responsible to collect the environmental gross receipts tax from participating members to retire the existing debt.

GOALS AND OBJECTIVES

- To insure that the available funding is spent according to New Mexico Statutes and State regulations.
- To monitor and apply for available grant funds offered by the State for solid waste purposes.

Table 36 presents the FY 2002-2003 operating budget for the Central Solid Waste Authority.

TRANSPORTATION PROGRAM

MISSION

To develop and provide a cost effective and efficient transportation program that meets the needs of not only the citizens of Los Lunas but the citizens throughout Valencia County.

DESCRIPTION

The Community Services department administers the Transportation program. The transportation programs provides Countywide services and regular routes with the Village municipal limits.

GOALS AND OBJECTIVES

- Provide economical and convenient transportation services to citizens throughout Valencia county.
- Continue to seek additional funding sources to support the transportation program.
- Construct a transportation building to support these services.

Tables 38, 39 & 40 present the FY 2002-2003 operating budget for the Community Services Transportation Program.

PUBLIC HOUSING AUTHORITY

MISSION

To continue to provide housing assistance to our low income citizens and to continually seek additional federal funding to introduce additional programs.

DESCRIPTION

The Housing Authority, provides housing assistance to the very low and low income citizens throughout Valencia County. Current programs include Section 8 Rental Assistance, Family Self Sufficiency (FSS), Homeless Prevention, Homeless TBRA and Owner-Occupied Rehabilitation. The Housing Authority is funded and regulated by the Department of Housing and Urban Development (HUD). Support is also provided by the County of Valencia as they provide a part-time administrative staff member.

GOALS AND OBJECTIVES

- Continue to increase Section 8 Program.
- Increase participation in the Family Self-Sufficiency Program.
- Apply for Program moneys through the Continuum of Care Homeless Assistance Grant Application Process.
- Supportive Housing Program
- Transitional Housing
- Supportive Services

Table 41 presents the FY 2002-2003 operating budget for the Public Housing Authority.

CAPITAL PROJECT FUNDS

SUMMARY

The Village of Los Lunas has three capital fund projects. The Luna Hills capital project is a federally funded project to install sewer lines in a southwest neighborhood of the Village. The Wellness Center project is a Community Development Block Grant funded project and it is to construct an expansion onto the Village's Wellness Center. The Transportation Building project is also a federally funded project. This project is to construct a transportation building that will be used to house the vans, equipment and staff supporting the transportation program.

Tables 43, 44 and 45 present the FY 2002-2003 operating budget for the Capital Outlay projects.
